

Is Caring Dads right for me?

What is Caring Dads?

This 17 week group program aims to engage fathers, to help them develop more child-centered fathering and to take responsibility for ending any harmful behaviours they have demonstrated.

How can I get into a Caring Dads group?

There are specific referral criteria for the program. Please feel free to contact the John Howard Society for more information. If you are working with another service provider, they may also be able to answer questions about whether or not you meet the program requirements.
